

Life@ZOTEC

Kate Gamlin
*Accounting Manager,
 Practice Management Team*

At Zotec, we know our employees are extraordinary and they prove it every day - to each other, to our Clients and to the Community. They've got stories to tell, and we're here to hold the mic for them. Go grab a cup of coffee (we'll wait) and settle in to read our first 'Life @ Zotec' installment, one of many that we will be sharing throughout 2021 (and beyond).

Hi Kate! Can you share your title and share a brief overview of what you do?

I'm an Accounting Manager with our Practice Management team. I help our team members, Practice Managers, and CRMS in ensuring our Client needs are met, however that looks. It's like getting to be the 'Johnny on the Spot' and for that, I am extremely thankful. This is what I know and love and being able to bring that to work is amazing!

How long have you been with Zotec?

I've been with Zotec since December 2020 ... almost a year!

You are constantly putting together fun and exciting programs at Zotec to help promote an engaging, high-performance culture. Can you tell me a little bit about each of those programs and why you're so passionate about them?

Yes! We have the Coffee with Co-Workers series. These are 15-minute Zoom sessions to have fun and build relationships. We have all learned something new each time. I personally got to know some fantastic people that I have been looking forward to meeting.

We have Zotec Zone Coverage, which is an eliminator-style Fantasy Football League. Each week, we will make our picks and the last person standing over the season wins!

And finally, we are doing Z Readers. This is beyond my wildest dreams! We are reading one of Coach Lou Holtz's books, *Winning Every Day: The Game Plan for Success*. I have been a Notre Dame fan since I was 6 years old. Coach Lou is an idol to me both on and off the field. It's such an incredible opportunity.

What's next? And what gets you excited when you think about the future at Zotec?

Next, we are planning a Halloween Whodunnit, a Zotec themed murder-mystery!

What gets me excited about Zotec's future is that the possibilities are endless. It's thrilling, and it feels like daily we hear about the amazing steps Zotec is taking to innovate and take care of Clients.

What's one thing you would tell people who are thinking about joining Team Zotec?

Zotec is a team of Doers. Some places claim to have the right ideas, Zotec actually has the right ideas. Every person I work with impresses me with their contributions. A lot of people say, but Zotec does.

What's a fun fact about you that people may not know?

I live in Florida and hate snakes as much as Indiana Jones!
